

# Paul Hardy's Annex Tunebook 2017

## Introduction

This tunebook contains tunes waiting to be incorporated into Paul Hardy's Session Tunebook, because they are new (to me) or been substantially improved since the 2017 edition. They are tunes that I have learned to play on my English concertina, that are played at folk music sessions, particularly around Cambridge, England and Redlands, California. They should also be playable on other folk melody instruments such as fiddle, whistle, flute, mandolin or dulcimer.

Most are traditional tunes from the British Isles, many of Celtic origin, including many Irish, English and Scottish dance tunes, but others are from an eclectic mix of sources. Some have been adapted from Internet resources, in abc, midi or visual score formats. Others have been learned by ear or handouts from various sessions in the UK and US. All are believed free of current copyright (unless noted explicitly), or else appear to have been placed in the public domain as part of the ongoing live folk music tradition. Please let me know if you are the owner of any that are under access restrictions and I'll remove them.

I have tried to present simple versions of most tunes, without much decoration and interpretation, so add your own triplets, grace notes and variations. I have included guitar chords, often based on computer generated ones - use these as guidance, not definitive! Tunes in 4/4 time that have the rhythm indication "Hornpipe" should usually be 'swung' - lengthen the first and shorten the second in every pair of quavers - as in "Thursday". Elsewhere these are sometimes written as 'dotted quaver, semiquaver', but that ratio of 3:1 seems too high - perhaps try for around 2:1.

This tunebook has been prepared using the abcm2ps software, with help from abc2midi, abcmus, Melody Assistant, ABCexplorer, and EasyABC. A big thank you goes to those creative and dedicated people who give their time to create and maintain low-cost or free and open source software for abc music editing and output.

The current version of this and the full session tunebook, in ABC and in PDF forms, is downloadable for free from Paul's web site at [www.paulhardy.net](http://www.paulhardy.net), or you can order there a printed and bound copy of the full tunebook from Lulu.com. See there also the previous Annex Tunebook versions which update the Session Tunebook 2015 to include the 2016 content, etc.
